[Green basket – total 4 workshops](#)

[Final proposed selection – total 12 workshops](#)

[Reference 1: Base-case scenario: Top 6](#)

[Reference 2: Minimum preferred scenario: Top 7](#)

## **Overview**

Total workshops suggested: 12 out of total 19

Highest grade: 4.24

Lowest grade: 3.6

Mergers suggested: 0

Further limitations to the track should occur by eliminating workshops starting from the bottom in the order of their ranking

Subthemes: 4 (see below)

Changes to track narrative: none

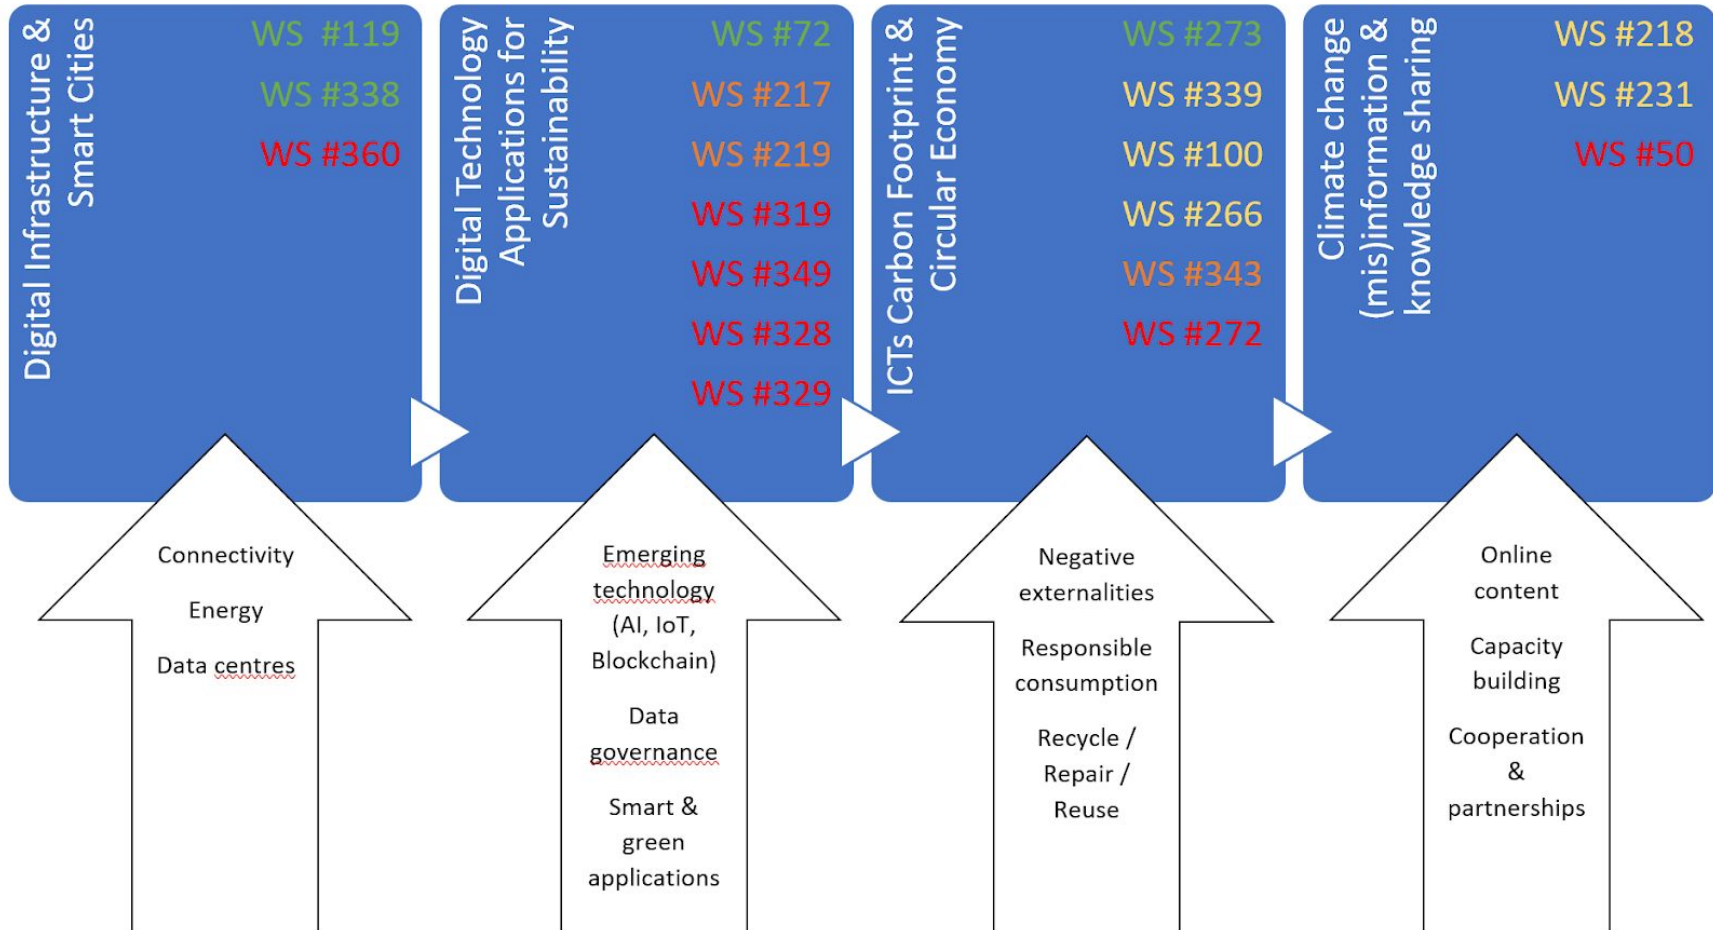

## Ranking

#ID	Proposal Title	Overall Rank	Rank	Average	Variance	Comments
119	<a href="#">Mobile Internet Impact on the environment in 5G era</a>	17	1	4.2462	0.2871	<i>Accepted based on ranking alone</i>
72	<a href="#">Tech for the Planet</a>	36	2	4.1154	0.3167	<i>Accepted based on ranking alone</i>
338	<a href="#">Keeping us together: Internet infrastructure in emergencies</a>	40	3	4.1	0.3138	<i>Accepted based on ranking alone</i>
273	<a href="#">Enhancing sustainable computing, production &amp; consumption</a>	60	4	4.0077	0.3946	<i>Accepted based on ranking alone</i>
339	<a href="#">The circular economy of ICT</a>	69	5	3.9692	0.3098	<i>The evaluation group agrees that this proposal should be included on the IGF 2020 programme, as it is proposed</i>
100	<a href="#">Best environmental practices across the Internet value-chain</a>	70	6	3.9692	0.2837	<i>The evaluation group agrees that this proposal should be included on the IGF 2020 programme, encouraging the organizers to reach out to developing country governments to include their perspectives in the session</i>
266	<a href="#">Sustainable #netgov By Design: Environment &amp; Human Rights</a>	79	7	3.9308	0.2052	<i>The evaluation group agrees that this proposal could be included on the IGF 2020 programme, as it brings a focused Human Rights perspective, that is missing in some other proposals.</i>

217	<a href="#">The role of digital tech. in environmental sustainability</a>	97	8	3.8692	0.2729	<i>The evaluation group agrees that this proposal is generally well formulated, but is duplicative of the topics put forward by higher-rated workshops.</i>
218	<a href="#">Climate Change Disinformation - Beyond Confusion, Action</a>	108	9	3.825	0.2185	<i>The evaluation group agrees that this proposal is generally well formulated and should be added to the program, but would need improvement in terms of the format and better aligning the format chosen with the agenda of the session</i>
219	<a href="#">Co-Designing policies for a sustainable digital industry</a>	113	10	3.8167	0.2247	<i>The evaluation group agrees that this proposal is very broadly formulated and needs serious improvements in terms of diversity -- Proposal should be accepted, with strong recommendation to organizers to improve on this point.</i>
231	<a href="#">Youth&amp;Sustainability: Creating change through collaboration</a>	114	11	3.8154	0.2721	<i>The evaluation group agrees that this proposal needs further improvement to better focus the scope and the discussion in the session, but notes that the session would bring in valuable youth perspectives on the agenda</i>
343	<a href="#">Imagining an internet that serves environmental justice</a>	168	13	3.6	0.1938	<i>The evaluation group agrees that this workshop needs improvement, but notes that it would bring valuable perspectives for the track, not discussed by other sessions.</i>

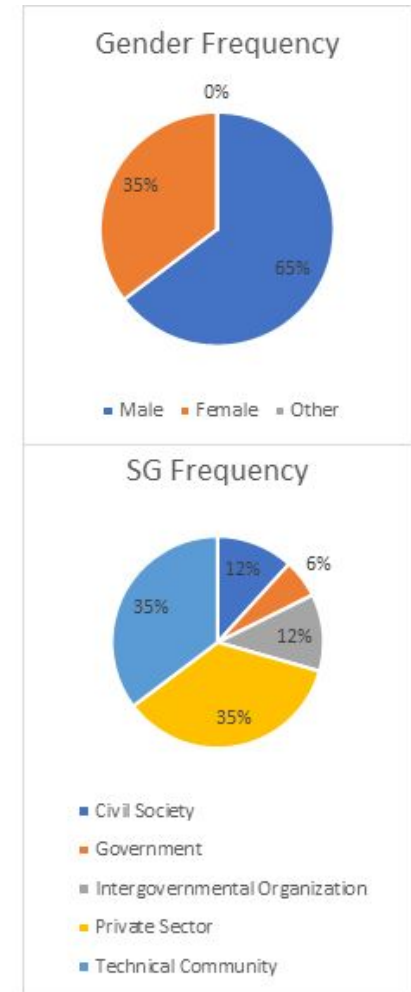

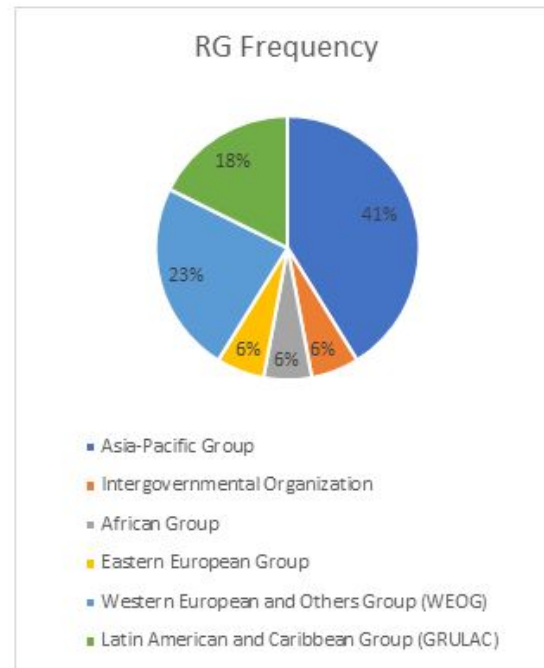

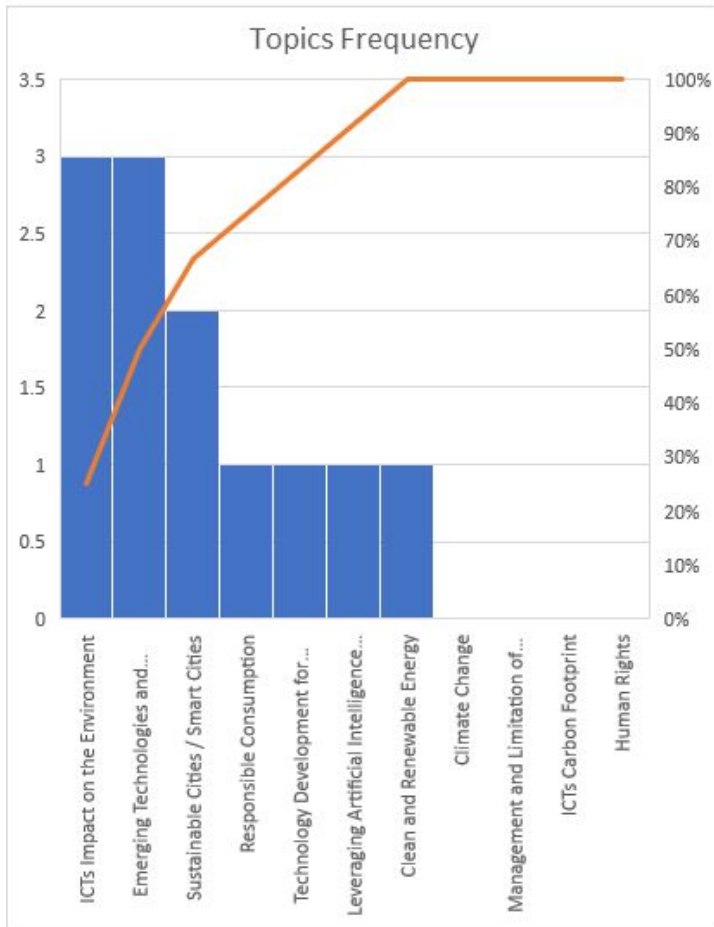

319	<a href="#">How AI, 5G and IoT can save the planet?</a>	152	12	3.6692	0.3883	<i>Excluded on 17 June: The evaluation group agrees that this proposal is very broadly formulated and needs serious improvements in terms of diversity, however it bring valuable host country perspectives  Idea of merger with WS #219 abandoned</i>
50	<a href="#">When Tech Meets Sustainability: What we need to know and do</a>	178	14	3.5462	0.2317	<i>Excluded on 17 June: The evaluation group agrees that this workshop needs serious improvement</i>
360	<a href="#">Building People-focused Smart Cities from the ground up</a>	184	15	3.4923	0.3622	<i>Excluded based on ranking alone</i>
349	<a href="#">Environmental data and collective action</a>	192	16	3.4462	0.5056	<i>Excluded based on ranking alone</i>
272	<a href="#">A green new deal for the digital world</a>	214	17	3.1692	0.456	<i>Excluded based on ranking alone</i>
328	<a href="#">Enabling IoT Implementation in Namibia in fragile terrain</a>	230	18	3.0154	0.1182	<i>Excluded based on ranking alone</i>
329	<a href="#">One Plan</a>	237	19	2.6308	0.4575	<i>Excluded based on ranking alone</i>
