

Data track working group initial evaluation and proposal for MAG meeting

Workshop	Scores	Tags	Comment
1.WS #128 Global crises and socially responsible data responses	4.25	Data for Good Data Sharing Digital Cooperation	Merger with WS #75
2.WS #73 DNS over HTTPS (DoH): Human Rights, Markets, and Governance	4.1538	Competition Human Rights Technical Standards	
3. WS #207 Ensuring Trusted Data Sharing for Monitoring the SDGs	4.1462	Data for Good Data interoperability Data Sharing	
WS #229 A-changin' times for data governance?	4.1308	And Other Regulatory or Non Regulatory Models For Data Governance Digital Cooperation	This session could be a good candidate for a main session with an overarching topic covering several issues that summarize the changing landscape of the last months and the challenges for the future of Internet.
4. WS #213 Bridging the data divide – for planet, people and prosperity	4.1231	Competition Data Concentration Innovation	
5. WS #340 Checks and balances of data privacy within mass surveillance	4.0462	Data Localisation Privacy Surveillance Economy	
6. WS #182 Discussion on PI Protection in Containing COVID-19	4.0231	Personal Data Control Privacy	Merger with #318. Only 3 speakers in each proposal what makes easier to merge. Geographic representation complementarity.
7. WS #125 How do you embed trust and confidence in AI?	4.0077	And Other Regulatory or Non Regulatory Models For Data Governance Artificial Intelligence Sustainable Business Models	
WS #318 Protecting privacy in the age of the COVID-19 pandemic	3.9917	Data Protection Data Sharing Privacy	Covid related focused in privacy. We propose merger with #182. Only 3 speakers in each proposal what makes easier to merge. Geographic representation complementarity.
8. WS #247 ICTs, SDGs, and Existing Data Gaps for Measuring Progress	3.9692	Data access Data Quality Open Data	
9. WS #252 Connected Health in the Post-Covid-19 Era	3.9667	Artificial Intelligence Inclusivity Privacy	Covid related but focused more broadly in the future of eHealth.
10. WS #204 Internet Data Protection Under Different Jurisdictions	3.9385	And Other Regulatory or Non Regulatory Models For Data Governance	This session fills a thematic gap

		Data Protection	
11.WS #75 AI solution and governance for global public emergencies	3.9231	Artificial Intelligence Emergency Procedures For Data Access	
12. WS#330 The Future of Work from Home: Internet Governance Post Covid	3.9154	Future of Work Inclusivity Privacy	This session fills a thematic gap
13. WS #236 Data flows, Trade and International Cooperation	3.8923	Data Flows Inter-organizational collaboration Trade	This session fills a thematic gap
14. WS #250 Can excel sheets have ethics? AI Governance in Global South	3.8769	Artificial Intelligence Ethics	
WS #222 Building Trust for your Data: Governments and Citizens	3.8769	Confidence-Building Measures Democracy Norms	
WS #94 Personal Data Protection in Internet Healthcare Service	3.8615	Data Protection Personal Data Control Privacy	
15. WS#184 Children's Rights and Participation in Data Governance	3.8615	Data Literacy digital rights Personal Data Control	This session fills a thematic gap
WS#194 Governing Cross Border Data Flow & Sustainable Development	3.8538	Data Flows Data interoperability Data Localisation	Interesting session organized by a SMEs perspective which participation IGF have been trying to encourage. Although there are deficiencies in the proposal there could be a specific interest in including in the program and work with the organisers to overcome them. This is currently a manel.
17.WS #187 Open data For Women and Persons with disabilities	3.8462	Emergency Procedures For Data Access Human Rights Open Data	This session fills a thematic gap. With a recommendation that they open up the diversity for other geographical representations.

1. Proposed mergers

- [WS #182 Discussion on PI Protection in Containing COVID-19](#)
- [WS #318 Protecting privacy in the age of the COVID-19 pandemic](#)

We suggest the format of a round table discussion with time allocation of 90 minutes. Only 3 speakers in each proposal what makes easier to merge. Geographic representation complementarity.

2. Proposed Main session

[WS #229 A-changin' times for data governance?](#)

3. Proposed additional workshops

Considering the highest ranked yellow basket proposals, 1 slot free by merger, and 1 slot free for main session proposal, we propose to move to green basket the following proposals that fill thematic gaps totalizing 17 proposals according the new proportion given for the track:

Already in the initial proposal:

- [WS #330 The Future of Work from Home: Internet Governance Post Covid](#)
- [WS #236 Data flows, Trade and International Cooperation](#)
- [WS #184 Children's Rights and Participation in Data Governance](#)
- [WS #187 Open data For Women and Persons with disabilities](#)

Added by the group members breakout discussions:

- [WS #250 Can excel sheets have ethics? AI Governance in Global South](#)
- [WS#194 Governing Cross Border Data Flow & Sustainable Development](#)

4. Sub-themes proposal

Our 17 green basket proposals cover the six original sub-themes in the narrative in the following way:

- Governance dimensions for data-driven technologies (4)
- Digital identity (2)
- Data-driven emerging technologies (4)
- Data-driven business models (2)
- Data access, quality, interoperability, competition & innovation (3)
- The impact of digital sovereignty and Internet fragmentation on trust (2)

We do not identify relevant gaps at this stage that require the addition of additional sub-topics.

Governance dimensions for data-driven technologies	Digital identity	Data-driven emerging technologies	Data-driven business models	Data access, quality, interoperability, competition & innovation	The impact of digital sovereignty and Internet fragmentation on trust
WS #73 DNS over HTTPS (DoH): Human Rights, Markets, and Governance	WS#184 Children's Rights and Participation in Data Governance	WS #128 Global crises and socially responsible data responses	WS#330 The Future of Work from Home: Internet Governance Post Covid	WS #207 Ensuring Trusted Data Sharing for Monitoring the SDGs	WS #236 Data flows, Trade and International Cooperation
WS #182 Discussion on PI Protection in Containing COVID-19	#187 Open data For Women and Persons with disabilities	WS #125 How do you embed trust and confidence in AI?	WS #340 Checks and balances of data privacy within mass surveillance	WS #247 ICTs, SDGs, and Existing Data Gaps for Measuring Progress	WS#194 Governing Cross Border Data Flow & Sustainable Development
WS #75 AI solution and governance for global public emergencies		WS #252 Connected Health in the Post-Covid-19 Era		WS #213 Bridging the data divide – for planet, people and prosperity	
WS #204 Internet Data Protection Under Different Jurisdictions		WS #250 Can excel sheets have ethics? AI Governance in Global South			

5. Time

Looking at the time of the original 12 sessions selected, we only have one session [WS125 How do you embed trust and confidence in AI?](#) that is 60 minutes. That means that we generally will only have 30 minutes to spare and we can leave it as is.

6. Narrative

No proposal is made for updating narrative.
